LABOR TROUBLES.

Louisville and Nashville Switchmen Still Out.

THEIR ACTIONS A SURPRISE.

Rumors of a General Strike All Along the Road—Difficulty in Filling Striking Shopmen's Places—Rumors of Smallpox Having Broken Out in the Shops—No Strike on the Big Four—Other Labor News.

LOUISVILLE, Sept. 29.—The switchmen and yard engineers employed at the main yards of the Louisville and Nashville railroad quit work again last night. The men claim that they struck as individuals and without recognition by their organizations.

This action came as a complete surprise, as only a few hours before committees representing the switchmen and engineers promised the company to abide by the decision of their chiefs at the time the reduction in wages was accepted. There are again rumors of a general strike, but these are discredited by the railroad officers.

Considerable difficulty is experienced in filling the places of the striking shopmen. Of 135 more new men brought from New York, 110 deserted the shops during the day and joined the strikers. The men claim they were employed by misrepresentation of the situation and some of them have engaged attorneys to begin suit against the railroad company for damages.

In addition to these troubles, it is reported, that three cases of smallpox have been discovered among the new men in the shops. As the men eat and sleep there this presents a serious obstacle to filling the place of strikers.

No Strike on the Big Four.

TERRE HAUTE, Ind., Sept. 29.—Grandmaster Sargent of the Brotherhood of Locomotive Firemen is in receipt of a telegram from the firemen's committee at Cincinnati, stating that the vote of the Big Four employees was adverse to a strike, and that the trouble that has been impending is now settled. No particulars of the settlement has reached him further than no strike has been declared.

Strikers Return to Work.

EVANSVILLE, Ind., Sept. 29.—At a meeting of the striking streetcar conductors and mortormen it was decided to return to work. President Modock of the car men's union considers the decision a defeat for the union as the men return to work at 15 cents an hour for a day of 12 hours and there will be three men to a car instead of four as heretofore.

YELLOW FEVER REPORT.

An Alarming State of Affairs at Brunswick, Georgia.

BRUNSWICK, Sept. 29.—There were eight new cases of yellow fever yesterday. The small number of cases reported is probably due to the absence of physicians, who were attending distant sick calls and were unable to make a report.

The new white patients are Mrs. George W. Cowman, W. E. Dempster and C. A. Steiner. The new colored patients are Mary Lamar, Isaac Lamar, Hattie Brown, Lou Oliver and Lizzie Robinson. Cases under treatment, 38; discharged, 22; died, 9; total, 76; is the record. Death rate 12.8 per cent.

It is safe to say that there are between 10 and 20 cases not yet reported. The reason for this is that among the colored people Drs. Blair and West are constantly at work hunting for cases. Their latest reports, which are made nightly to Dr. Murray, contain about 50 names classed as malarial and suspicious cases.

Yesterday Commissary Manager Smith issued three days rations each to 1,399 people. The weather is growing cooler and fears are expressed that rain and fog will come, adding dangerous means of spreading the disease before frost sufficient to kill the fever germs comes.

Lumber Dealer Falls.

CINCINNATI, Sept. 29.—Thomas Keeveny, lumber dealer, failed late Thursday afternoon. His office is in the Allen building. The assets are about \$35,000, and liabilities \$35,000. The assignee is Scott Bonham. Dull trade and outstanding debts are given as the causes. About \$25,000 worth of preferences were given.

Horsethieves Shot.

PHOENIX, A. T., Sept. 29.—Sandy Donahue, the famous fighting sheriff of Coconino county, shot R. G. Harris and Bob Dunlap, otherwise known as Jim Baker, and Andy Dimond, noted horsethieves, after a hard battle 60 miles north of here. The latter had killed seven men.

RETRIBUTION.

Negro Thieves Blown to Pieces With the Powder They Had Stolen.

SAVANNAH, Sept. 29.—A special from Thomasville, Ga., to the Morning News, says: Two negroes, Shade Lee and Gus Alexander, met last night at Lee's house to divide some stolen goods, among which was a 25-pound can of powder. In dividing the powder some was spilled on the floor.

Shade threw a spoonful of this into the fire which flashed and set off the remainder on the floor. This in turn caused the can to explode, which demolished the house and dreadfully mangled the two thieves. A shotgun lying near was also discharged, the load wounding Lee's wife. Alexander was arrested, but he will probably die. Lee will die, it is expected.

THE SAME OLD STORY.

Nothing Done by the People's Representatives at Washington.

WASHINGTON, Sept. 29.—The senate was in a calm mood, very different from its condition the previous day. There was only one instance in which there was a ripple on the surface of its proceedings and that over a matter of ancient history which Mr. Hoar (Rep., Mass.) brought up in the way of personal explanation on behalf of a former colleague or his in the house of representatives, now long dead, Mr. Hooper.

This gentleman was chairman of the committee on banking and currency at the time of the passage of what is commonly known as the silver demonetization act of 1873. The story has been in circulation to the effect that Mr. Ernst Seyd, a French writer on finance, had much to do with the passage of that act by the use of a corruption fund of \$500,000 contributed by foreign capitalists. The absurdity and falsity of the story have often been exposed, but it always comes up again. A recent letter from Mr. Seyd's son, asserting that his father had not been in the United States since 1856, was supposed to have given the slander its death-blow, but it seems that even that statement failed of its purpose.

In order to contradict it, an extract from one of Mr. Hooper's speeches was published a few days since in the Peoria Journal (a copy of the paper sent to Mr. Hoar), in which a reference to Mr. Seyd was made and the words "now here" were fraudulently interpolated. In denouncing the fraud Mr. Hoar forgot his usual benignity of manner and language, and characterized its author as belonging to the species of "the bedbug or the squash-bug."

Mr. Cullom (Rep., Ills.) came to the defense of the editor of the Peoria Journal as a man who would not knowingly commit such a fraud and forgery. And it appeared, after much discussion, that the extract from Mr. Hooper's speech has been floating about (thus falsified) for the last 15 or 20 years.

The only speech made on the silver repeal bill was by Mr. Peffer (Pop. Kan.). His remedy for the financial troubles is the adoption of an amendment offered by him to restore the free coinage act of 1837. With that amendment, he said, the repeal bill could be passed in 25 minutes.

The debate in the house on the federal election repeal bill was productive of but little excitement. Mr. Breckinridge of Kentucky, and Mr. Johnson of Indiana became involved in a personal controversy, which at one time promised to become exciting, but finally lapsed into insignificance. Prior to this there had been a colloquy between Morse of Massachusetts and Fithian of Illinois, wherein the epithet of "falsehood" was passed, but this also ended amicably.

At 5 o'clock the house adjourned.

PHILADELPHIA MANUFACTURERS

Believe Hard Times Are Due to the Uncertainty as to Tariff.

PHILADELPHIA, Sept. 29.—A large number of Philadelphia manufacturers have determined to make an effort to protect their own interests by making an alliance with the friends of silver. To that end they have endorsed an open letter to the senate of the United States, written by Wharton Barker, which proposes a basis for the settlement of the silver question by which silver may be continued as money metal.

The manufacturers who have inaugurated this movement do not attribute the present hard times to the Sherman law. They assert that it is due to the fear that the protective feature of the tariff is to be undermined. They hold that if assurance were given that the existing tariff laws would not be disturbed for the next two years, business would take an immediate boom, mills would start in all parts of the country, and employment would be given to thousands of idle workingmen.

While holding these views they also believe that it would be a mistake to demonetize silver. These manufacturers believe that in many respects their interests are allied with the mineowners of the silver states. It was that belief which prompted the movement among the Philadelphia manufacturers to give encouragement to the silver senators in their fight to continue the white metal as a part of the currency of the United States.

While the Manufacturers' club as an organization, has not committed itself to the movement, many of its leading members are interested in it. James Dobson is one of the prime movers, and his name is at the top of the list of signers of Mr. Barker's letter. He has also sent a letter over his own name to nearly all of the manufacturers in the city asking them to read Mr. Barker's letter, which he enclosed, and if they approved of it to sign a blank and send their name to Mr. Barker.

OUR MINISTER AN NIGHT.

MOBILE, Sept. 29.—The news sent out from Madrid last night of the serious illness of Hannie Taylor, United States minister to Spain, appears to have been exaggerated. In answer to an inquiry from relatives in this city, the minister cabled that he is all right.

Residence Burned.

PORT CHESTER, N. Y., Sept. 29.—The residence of W. S. Lawson, a well known stock broker of New York city, was destroyed by fire. The loss on building and contents, which included a number of valuable paintings, is estimated at \$80,000.

Fell Dead While Sparring.

ST. LOUIS, Sept. 29.—H. J. Spink and S. J. Hauschulte had a friendly sparring bout in a North Side barbershop last night, during which Spink fell to the floor and was dead when picked up. Heart disease was the coroner's verdict.

WORLD'S RECORDS.

Two of Them Broken on the Race Tracks.

TERRE HAUTE AND GUTTENBURG

At the Former Track Nancy Hanks Falls to Lower Her Record, but the Fastest Heat Ever Run in Harness Was Recorded—Tammany Wins the Great Race at Guttenburg.

TERRE HAUTE, Ind., Sept. 29.—Ten thousand people had no occasion to display their pent-up enthusiasm when the queen of the trotting turf should lower the world's record, but as many lovers of the light harness horse saw a new world's record nailed to the masthead in the most remarkable pacing race ever witnessed.

Of course, the crowd was drawn by the effort of Nancy Hanks to lower her own record. The track was perfect, but the other conditions were lacking.

First it was known that Mr. Doble was a very sick man—so sick in fact that only by administering powerful medicines hypodermically, he could be strong enough to sit in the sulky, then when the little mare came out for a warming up heat with Charley Doble behind her, it was noticed that she was a trifle tucked up or lame, and last, was the cool north wind, not at all to the liking of the tenderly cared for mare.

The 2:20 pace was the sensation of the year. The fastest heats even gone in harness were recorded, the race record for a mare so long held by Vinette and more recently divided by Prima Donna, was knocked to smithereens by May Marshall in the fourth heat and the event was finally captured by the favorite, Hal Braden. That is the fourth of Brown Hal's get to secure a mark of 2:09 or better. Go, Castle Horse, with Splat up, captured the first heat after a hot fight with Turco.

It was about 4 o'clock when Nancy Hanks, with Mr. Doble holding the ribbons, came down past the grand stand and received a salvo of applause. The noted reinman wore a haggard look, and going around for an easy mile was seen to stop at the half as if too ill to drive the little mare home. But he had set his heart on the effort and in spite of the warning of his physician, he scored down for the word, with the runner Artist on the wheel to urge the mare along. The first quarter was done in 31 seconds, and when the half was gone in 1:03, a sigh went up from the big crowd. The next quarter was done in the same time as the first, but the mare, not guided by the strong arm, was seen to falter in the stretch and the last quarter was finished in the slow time of 33 1/4 seconds. Time 1:06 1/4.

LAMPLIGHTER LEFT.

Tammany Wins the Great Race at the Guttenburg Race Track.

GUTTENBURG RACE TRACK, Sept. 29.—The match race between Marcus Daly's chestnut colt Tammany, and G. Walbaum's brown colt Lamplighter, took place at this track yesterday afternoon in the presence of 15,000 persons. Tammany easily vanquished the son of Spendthrift and Torchlight in as true a run race as ever was. The winner was ridden by "Snapper" Garrison. He allowed Fred Taral, who had the mount on Lamplighter, to make the pace to the head of the stretch—and a fast clip it was too—where he let out a link on Tammany and the race was over. The chestnut passed his rival in three jumps and romped home the easiest kind of a winner in the fast time of 2:06 1/2.

This time establishes a track record for the distance—one and one-quarter miles. Lamplighter spurred and urged to his utmost, finished three lengths behind the winner.

How fast the race was run, and the evenness of the pace, is shown by the official fractional time, which was as follows: Eighth, 12 1/2; quarter, 24 1/2; three-eighths, 37; half, 49 1/2; five-eighths, 1:02; three-quarters, 1:14 3/4; seven-eighths, 1:27 3/4; mile, 1:43 8/4; mile and a eighth, 1:53; and a mile and a quarter, 2:46 1/2.

The match was for \$2,500 a side, to which was added a purse of \$7,500 by the Hudson County Jockey club, this making the total value of the purse \$10,000.

REMEMBER that next Tuesday, October 3rd, is registration day in this city.

MAYSVILLE voters can register any time next Tuesday between the hours of 6 a. m. and 9 p. m.

BEAR in mind that there is but one regular registration day under the new law, and that is the first Tuesday in October.

DEMOCRATS, don't fail to register next Tuesday. The books will be open, at the usual voting places, from 6 a. m. until 9 p. m.

EVERY person shall be entitled to be registered next Tuesday who would be entitled to vote at the next November election.

THE Republicans of Nicholas and Robertson counties will have no occasion to inquire "Where are we at?" after the approaching election.

THOSE Democratic Senators who are opposing the repeal of the Sherman law should read the platform adopted by their party at Chicago a year ago.

In registering next Tuesday you must give the name of the street or alley on which you live and the number of your residence. The places of registration will be open from 6 a. m. until 9 p. m.

THE last Legislature of Ohio,—and it was Republican, of course,—authorized local indebtedness throughout the State to the amount of \$30,000,000. Not a very good record to ask the people to endorse.

DEMOCRATS of Maysville, you must register next Tuesday if you want to vote at the November election. And you must give your party affiliation if you wish to participate in the approaching Democratic primary.

THERE is but one registration day under the new law—the first Tuesday in October. The City Council may order an additional day, but no Democrat should run any risk of losing his vote. The only safe plan is to register next Tuesday.

AN Ohio Republican journal speaking of a campaign speech made by Governor McKinley says he "thrilled" his audience, and explained the causes of the present financial troubles. Of course, he didn't forget to mention the Sherman law.

EX-GOVERNOR FORAKER's voice hasn't been heard in the Ohio campaign this year. He and his friends are not doing any shouting for Major McKinley. They haven't forgotten how Mr. McKinley turned them down whenever an opportunity offered.

THE National banks of New York City are receiving so much money at present from country banks that they are in a quandary as to its disposition. It was only a few weeks ago that cash of all kinds was at a premium; now the case is exactly the reverse.

It is said that the Kentucky World's Fair Commissioners will return to the State Treasurer \$40,000 of the \$100,000 appropriated as unexpended. The Legislature voted the \$100,000 for a *credible* exhibit at the fair. Many appear to think the Commissioners made a botch of it and the \$60,000 was simply thrown away.

MR. ROBERT FICKLIN formally announced himself in the BULLETIN yesterday as a candidate for Mayor. Mr. Ficklin belongs to one of the city's old and highly esteemed families, has served very acceptably as a member of Council and is now a member of that body. He is well qualified for the higher position he now seeks.

THE Russellville Herald says of Senator Lindsay's recent speech: "He took the only safe ground for a Democrat to stand on, viz: To unconditionally repeal the silver purchase act." Judge Lindsay stands squarely on his party's platform on this subject. Several Democratic Senators, however, appear to think that platforms mean nothing.

MR. "CASUAL OBSERVER."

He Has Something to Say Concerning Government Appointments in Mason County.

Editor Bulletin: Government appointments, as a general rule, are always a bone of contention in the dominant party, and are frequently a source of party dissension and discord. From the President down to his subordinates they find it a difficult problem to select and appoint men capable and trustworthy of filling public offices. Every public man, who either has the power to make appointments or is in a position to recommend applicants to them, is beset by the hungry host seeking places. Each applicant feels as a reward for his individual service to the party, and the favors he and his friends have rendered to the individual invested with the power to make appointments, he is the man for the place he seeks, regardless of his availability and capability to fill it, and that his claims are paramount to the consideration of other applicants possessing the power to promote the party organization and to correctly discharge the duties of the office.

Public men are often condemned because they can not give every office-seeker a place, and the disappointed applicant losing sight and appreciation of the valuable services good men have rendered their party and country pursues them with the policy of cutting off their heads politically because they did not do their bidding and elevate them to office.

Now there is a very great concern in Mason County about appointments. Major Shelby, the newly appointed Collector, finds he has a difficult problem to deal with. He has a host of applicants and they are loudly clamoring for office. Consideration and courtesy should be extended to Major Shelby, and he should not be condemned until he has heard all parties, considered their claims and acted upon them. He has been very recently appointed and has not had time to qualify and to be fully installed in his official position, much less to give appointments the amount of consideration they merit. We do not hesitate to say we have an abiding confidence in Major Shelby's integrity. He is a kind, courteous gentleman, open to hear the truth and consider it and to act intelligently upon it. So far as we are able to learn, he has always treated applicants with the consideration due from him in his official position. The office-seekers and their friends should abstain from any attack on him until he is in a position to consider their claims and act upon them. It is true there is a deep and wide impression through this county that Major Shelby will make the appointments at the bequest of a single individual, and in doing so make them a matter of personal favor to that individual without due regard to the consideration of the petitions of other applicants, indorse and recommended by the leading representative men of the Democratic party in this county. While we do not dictate the names of the applicants for office that Major Shelby should appoint from Mason County, we do not hesitate to say both the duty of Major Shelby and the interest of the Democratic party demand that in selecting applicants and appointing them to positions under him, that he should take a much wider scope into consideration than the mere personal favors of a single individual. Again, we do not hesitate to say Major Shelby, occupying a position he does, can ill afford to disregard the wishes and bequests of representative men of the Democratic party in Mason County, who have rendered fidelity to the party for years and have proved their loyalty by the earnestness of their support to its principles, and bestow upon the "Mugwump" element all favors and yield obedience to their dicta, when they have been weighed in the balance and found wanting in the time of need. To representative men of the Democratic party of Mason, we have a suggestion to make on the present situation.

"Why stand ye here idle?" It is not sufficient that you understand the political situation here in Mason County. But you owe it to yourselves, and it is due to Major Shelby, that you explain to him the true inwardness of the political situation, in order that he may act intelligently when the time comes for him to make appointments.

You should not wait until these appointments are made and then pour out your vials of wrath on Major Shelby because he has not done your bequest and bestowed upon you, or the special friends you desired to have appointed, what you deemed was your share of the public crumbs.

There should be no mistake as to the remedy you adopt to prevent your worst fears and apprehensions of a single individual controlling these appointments. Major Shelby is now in power and position to receive applications, pass upon their merits and to make the appointment of office under him. Your duty is to recommend good and suitable men for the offices and then make the issue squarely before him to be heard.

But there is a strong disposition to carry this question beyond Major Shelby to Colonel Wm. C. Breckinridge, and to solicit him to burst the individual's slate and to prevent one person naming all the appointments in this county. We question both the propriety and policy of doing this. In the first place Colonel Breckinridge having been instrumental in having Major Shelby appointed to the office of Collector by the President, he would naturally feel a delicacy in dictating appointments between the contending elements of his party. Major Shelby is to be responsible for his officials; he should be left free to act intelligently upon the applications made to him by the recommendations of good, honest men in the vicinity where the applicant lives.

We are not seeking an office under Major Shelby, and have said the above suggestively, as a

L. and N. Earnings.

C. Quarrier, Comptroller of the L. and N., has issued a comparative statement of the earnings of the road for the third week in September:

Freight.....	1892.	1893.
Passenger.....	\$300,365	\$225,870
Miscellaneous.....	104,915	95,305
Total.....	32,970	21,950
Decrease.....	\$438,230	\$343,125

Of this decrease \$11,180 is due to a change in the method of keeping the accounts of certain divisions from and after September 15th. Had the former system continued in effect the decrease the third week would have amounted to \$83,935 instead of \$95,115.

MR. PIPER DECLINES.

MAYSVILLE, KY., September 28th, 1893.
Gentlemen: Believing myself that this office of Councilman should be filled by one of our best citizens I cannot but feel flattered at your request. I regret that I have to decline your call, and trust you will remember that I appreciate your selection. Hoping you will make a wise choice, I desire to thank you sincerely. Respectfully yours, &c., S. A. PIPER.

For the Farmer.

John Booth, of Bourbon County, sold in Cincinnati a few days ago eleven hogsheads of tobacco at prices ranging from 142 to 22 cents per pound, an average of over 19 cents.

W. T. Weakley, of Shelby, sold in Louisville a bunch of forty-seven fat hogs, five and half months old, averaging 170 pounds, at \$6.35.

The Georgetown Times says that the Scott County farmers are boasting of the superior quality of their tobacco. One grower has sixteen acres that will average 1,800 pounds to the acre.

Here's a valuable pointer: One of the snuggest, best-paying farms in the State of New York consists of only five acres. The owner breeds white leghorn chickens and sells bushels of eggs at 50 cents per dozen throughout the year. In addition to the poultry business he is engaged in raising small fruits. To see the well-kept rows of raspberries, blackberries, &c., and the neatness of the poultry yards is sufficient evidence of the prosperity of the owner.—Exchange.

Sunday Barbering.

The law passed by the last Legislature to close barber shops on Sunday, will go into effect next Sunday. Following is the act in full:

Be it enacted by the General Assembly of the Commonwealth of Kentucky: That any person who engages in the business of barbering on Sunday shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be fined not less than \$5, and upon a second conviction for a like offense shall be fined not less than \$10 and not more than \$25, or imprisoned in the county jail for a period of not less than five days nor more than ten days, or be both fined and imprisoned, at the discretion of the court.

BEFORE going to the World's Fair, call and get one of Ballenger's cards. By presenting it at the exhibit of one of the largest eastern manufacturers in Liberal Arts Building you will be presented with a handsome souvenir of the exposition.

WHILE in Chicago, I attended an assignment sale and bought a very large stock of gold watch cases, also gold-filled and silver cases and movements, also jewelry and silverware at very low prices. These goods I will now place on sale, at prices which defy competition. Now is your chance to buy cheap. P. J. MURPHY, Successor to Hopper & Murphy.

THE heirs of Henry Hill, who died recently at West Union, O., are about to obtain possession of over \$400,000 and 360 acres of land. The inheritance comes through the decedent, his mother being a full-blooded Cherokee Indian. The Government is in possession of the money, and upon the heirs filing their proof, which is now complete, will turn it over to them.

MARSHAL STEELE, of Versailles, will not get the \$5,000 he sued the city of Danville for a short time ago for false arrest. He was arrested on a charge of gambling, but it was a case of mistaken identity, as another Steele altogether was wanted. Steele claimed that his reputation had been tarnished, and asked for redress, but the Judge threw the case out of court.

APOLINA BERTUCCAT MARETZKE, once a famous opera singer, and now a resident of New York, has brought suit in the United States Court at Cincinnati to recover 7,000 acres of land in Menifee County, about twelve miles east of Mt. Sterling. She claims as the sole devisee of her father, Francois Romaine Bertuccat, who was descended from one of Lafayette's staff in the war of the Revolution.

MR. C. T. BOYD, who read law in this city and who graduated last summer from Vanderbilt Law School, has formed a partnership with Oscar T. Peoples, of Chattanooga. They have opened offices in the Times Building of that city, and begin the practice under favorable auspices.

"It is so hard to get a present for a man!" sighed a little woman on the street the other day. "Why, go to Ballenger's," said her neighbor. "You can get lovely things there for gentlemen—collar-buttons, cuff pins, sleeve-buttons, shaving cups, soap boxes, scarf pins, watch charms—anything in the world you want!"

THE Cincinnati Leaf Tobacco Warehouse Company has elected the following Directors for ensuing year: L. B. Harrison, Lee H. Brooks, Henry Feltman, H. H. Hoffman, J. S. Wayne, J. H. Rattmann, Bradford Shinkle, James Ellis and George C. Walker. The company has on hand 22,000 hogsheads of tobacco, which, when sold and the profits collected, will net the company a handsome sum.

ON September 1 the whole stock of currency in the country—gold, silver and paper—was \$2,155,160,817. Of this vast sum \$1,680,532,671 was in the hands of the people, and \$474,598,146 in the custody of the Government. Never before in the history of the country, either in good times or bad times, was there so much money in circulation, nor money of such universal credit and purchasing power.—Philadelphia Record.

BANK TAXATION.

Judge Cantrell Holds That the New Constitution Was Not Self-Acting.

A special from Frankfort says: "In the test case brought in this county to compel the banks to pay taxes as other property for the year of 1892, Judge Cantrell, on Thursday, decided in favor of the banks, and that the new Constitution is not self-acting.

He also decided that the State Board of Valuation and the Assessors should assess banks. Both decisions will be appealed.

"The attorneys for the county attempted to have a decision on the question of vested rights under the Hewitt bill, but Judge Cantrell declined to give an opinion on this question.

"This will, however, be brought forward in such shape that it will have to be passed upon before the cases are finally disposed of."

The Time to Visit the World's Fair.

Those who live in Chicago claim that October is the most delightful month of the year, and it is thought that it will be the big month of the World's Fair. There will be at least one more good chance for visiting the fair, as the C. and O. has announced that a special train will start from Ronceverte, W. Va., at 8 a. m. October 2nd, and run through to Chicago. It will be composed of elegant vestibuled coaches and sleepers and will closely follow the time of F. F. V. Limited, No. 3. The train will be personally conducted, which is a big card in itself, but the rates will be so low that it is anticipated that the October 2nd, special will be the banner one of the World's Fair.

The C. and O. ticket agent will give full information regarding rates and train accommodations. He will also secure board in Chicago at from 50 cents up on the European plan in perfectly reliable quarters conveniently located.

Huntley-Farley Comedy Company.

At Washington Opera House Monday evening the Huntley-Farley Comedy Company will be the attraction. This is claimed to be the best repertoire attraction on the road this season. S. H. Huntley and Miss Sadie Farley will star jointly, supported by one of the best companies ever organized. He possesses the power to hold an audience by a fine delivery of his lines and the realistic force which he throws into the part he assumes. He is one of the few actors who can play any part and play it well. Miss Farley is said to be a lady of much beauty, and never fails to catch her audience.

The prices of admission are placed at 10, 20, and 30 cents. Reserved seats at Nelson's hat store.

Serious Break in the Water Mains.

A break occurred in the water mains yesterday that will cause considerable inconvenience. What is known as the Y leading out from the pump house burst. Superintendent Schaeffer telegraphed for a new one and expected it last night, but it failed to come. It will probably be received to-day, and, if it reaches here, the repairs will be made to-night.

One of the basins at the reservoir was emptied yesterday, and in order that the supply may not be exhausted for individual consumers and fire purposes, the mills and factories will be cut off this afternoon at 3 o'clock. The electric cars will not be running after the hour named.

A Musical Treat.

The Albany (Ga.) News says: "A large audience greeted Heywood's Celebrities at the Grand Opera House, and to those who were fortunate enough to understand the high-class of music the entertainment was indeed a rare treat. The entire company is composed of artists and the rendition of their parts was splendid. It is seldom that such an array of talent is seen in one company traveling in this part of the country."

This company will be at the opera house to-morrow night, and lovers of music should not miss the opportunity to hear them. Tickets on sale at Nelson's.

Death of a Young Farmer.

Mr. Michael Comer, an industrious and respected young farmer, whose home is on what is known as the "Pearce place," a few miles out on the Fleming pike, died at 6:30 o'clock this morning, after an illness of three weeks from typhoid fever. His wife was Miss Mary Maley, of Flemingsburg. She survives him, and he leaves one child. He was about thirty-five years of age. Deceased leaves number of relatives in this city. The funeral will occur at St. Patrick's Church Sunday afternoon. Burial at Washington.

Peculiar Suits for Damages.

At Danville, in the damage suits brought by James Daugherty and wife against the Louisville and Nashville Railroad, Daugherty was allowed \$700 damages and his wife \$925. Daugherty and his wife, who live on the railroad, have had spells of malarial fever, and claimed that the fever was caught from a pond near their house which is used by the company to supply a water tank. Both verdicts were a surprise. Daugherty had sold the ground to the railroad to be used for making the pond.

STEAMER ADVICES.

The Mariposa Arrives From Sydney and Honolulu.

SAN FRANCISCO, Sept. 29.—The steamer Mariposa has arrived here from Sydney, bringing Honolulu advices as follows:

The United States cruiser Philadelphia has arrived and Admiral Skeritt has transferred his flag to her from the Boston. The latter will sail for San Francisco about the 27th. Her bottom is perfectly sound. During the latter's stay at this port the warmest feeling of friendship has been entertained between the Boston's officers and crew and the citizens, despite the royalist official organ to the contrary.

The royalists are greatly elated at the Washington news from which it is construed to mean that an election in Hawaii will be held to determine the form of government desired by the people, and they are confident that the natives' vote would restore the queen. The government party deride the news as inspired by party motives. It is held here that the United States can take no action in elective matters without treaty stipulation. It is still hoped that President Cleveland will recommend annexation rather than a protectorate.

The royalists report that a number of warships are on their way here to enforce quiet during the elections above Quipose. The royalist paper Holomai has been sold by the sheriff and has been replaced by an evening paper of the same complexion.

It is learned that the government will henceforth take a decided stand in the negotiations with the United States. The Annexation club lead the government announce semi-officially that they will abide the issue together. When this is considered, in connection with the fact that the government's 400 men will be supported by the 600 members of the club, it becomes significant as showing the combined strength in the event of an emergency.

The apparent serenity of affairs is misleading. It is believed that should the provisional government show indecision after the arrival of Minister Willis, that positions will be filled by persons who have the best interest of the country at heart with a fear of the future.

In the \$1,000,000 suit between MacFarlane and Spreckels an accounting has been denied but the court allows the former partition of lands and improvements. The estate has been capitalized by Spreckels at \$10,000,000, but it is said the actual value is about \$2,000,000. There is a probability of a new trial being asked for.

Run on the Auckland Bank.

A run on the Auckland Savings bank occurred on the 1st inst., and the bank was besieged by a large crowd. A notice is posted on the doors that all depositors will be paid in full. The bank has resources of £550,000 and a reserve fund in excess of liabilities of £30,000.

IRON HALL CASE AGAIN.

Receiver Failey Files His First Report With the Court.

INDIANAPOLIS, Sept. 29.—The Iron Hall case came up for hearing in the superior court, and after some argument Judge Winters entered an order requiring attorneys to show whom they represented and the two wings of the order to show by what authority their supreme sittings were elected. Receiver Failey filed his first report with the court, a voluminous document. It shows this recapitulation:

"Your receiver charges himself with the amount of cash received from the date of his appointment to the sum of \$762,168.94, and your receiver claims and is entitled to credit a sum amounting to \$47,003.10, leaving a net cash balance of \$715,165.84. Said cash balance is now on deposit in Fletcher's bank and the Merchants' National bank of Indianapolis. The assets not converted into cash are as follows: Notes, bonds and securities to the amount from M. C. Davis, appraised values \$5,702.50; from branches, face value \$28,321.18, a total of \$34,023.68.

"There is still remaining due and unpaid of the reserve fund held by the various branches an amount of \$1,238,643.13. Claims against the receiver of the Mutual Banking, Surety, Trust and Safe Deposit company of Philadelphia of \$71,333. Claims against the New Jersey Trust and Safe Deposit company of Camden, N. J., for money deposited with said banks, \$2,237.74."

Of the expenses with which the receiver has credited himself \$26,843.73 was for attorneys' fees and \$10,000 for his own services.

In the course of his report the receiver says: "Your receiver further reports that in regard to the item of notes, bonds and other securities in his possession that their value is uncertain, as some of the notes are unsecured, and some are part due and payment of same has been refused.

"Your receiver also reports regarding the reserve funds held by the various branches, that he has demanded of each branch an accounting and that in most cases the branches have been prevented from so accounting by litigation. In other cases the reserve funds have been misappropriated by the branch officers, and in still other cases the members have divided the reserve fund and disbanded. In a number of cases the reserve funds were deposited in the Mutual bank of Philadelphia at the time of its assignment."

The case was set for final hearing on Nov. 6.

Train Robbers Bound Over.

AUBURN, Ind., Sept. 29.—John Connor and Eva Flint were bound over to the Noble county grand jury as a part of the gang that held up and robbed the Lake Shore and Michigan express train on the night of the 11th at Kessler. The preliminary trial was held in Mayor March's office at Kendallville. Connor was arrested Tuesday last at Butler, Ind., on a warrant sworn out by Sias Matterson, special agent of the Lake Shore railroad. Connor is a sectionhand on the road at Butler, employed by his brother-in-law, John Horan, who is foreman on the section. Connor is a single man and in the trial appeared to be an honest one. Eva Flint was also put under arrest, has been keeping company with Connor for the last three years.

MINE OWNER'S SPEECH.

Mr. Fawcett a Strike With His Tongue and His Purse.

LONDON, Sept. 29.—A massmeeting of the striking miners at Chesterfield, Derbyshire, was held. The principal speaker was Thomas Bayley, member of the house of commons for the Chesterfield division, and himself a mine owner.

Mr. Bayley was one of the five members of parliament who, a few days ago, guaranteed the repayment of a loan of £16,000 negotiated by the Derbyshire Miners' association. Mr. Bayley urged the miners to remain faithful to the Miners' Federation. A resolution was adopted declaring that the miners were opposed to accepting a reduction of wages, and pledging faithful adherence to the federation.

Treasury Statement.

WASHINGTON, Sept. 29.—The treasury statement on Oct. 1 will show that the receipts for September have improved very materially over August and the loss for the month to be made good out of the treasury balance will not be more than \$2,000,000, making about \$2,500,000 excess of expenditures over receipts for the first quarter of the current fiscal year. A loss of \$5,000,000 is shown in internal revenue receipts as compared with the first quarter of 1892. Customs receipts, too, show a decline for the quarter of \$12,500,000.

Will Stop Prize Fighting.

PORTLAND, Ore., Sept. 29.—Twelve persons indicted for participating in and arranging for prize fights in this city have pleaded guilty, and Wednesday each was sentenced to pay a fine of \$1,000 or be imprisoned in the state prison 500 days. This is the lightest sentence provided by the law.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
